2 A sum of Rs 12750/- had been sanctioned to the Arsik Town Municipality for the water supply scheme The Sanitary Engineer, Bangalore, who was requested to take up the work has replied stating that it takes some 3 or 4 months to commence the work, as orders had just been placed for the machinery required So, it is not likely that this amount would be utilized before the close of the year

The amount sanctioned for items 1 and 2 have been permitted to be utilised for acquiring certain properties and the acquisition proceeding in regard to them are/progress

In respect of item 3 the Water Supply Scheme of Shikaripur has in accordance with your letter No 8650/M1 66-35-4 dated 13th May 1936. been ordered to be postponed owing to the poor financeal condition of the Municipality and the allotment of Rs 3000/- sanctioned for this work has also been ordered to be utilised for some other purpose

In regard to the fourth item namely the grant for the water supply to Chennagiri Town I have to state that the Municipality first got sunk a borewell at a cost of Rs 1645/- as part of a Drinking Water Supply Scheme to the Town but that in view of the fact that the yield in the borewell was not adquate the Sanitary Engineer has sent up another estimate for Rs 22 650/- which will provide adequate supply of water to the whole Town In another communication I have submitted
